

PEPTIDES

MATERIAL SAFETY DATA SHEET (MSDS)

1. Product Identification	Synonyms: None CAS No.: Not applicable to mixtures. Molecular Weight: Not applicable to mixtures. Chemical Formula: Not applicable to mixtures. Product Codes: 350000 series												
2. Ingredients	<table border="1"><thead><tr><th>Ingredient</th><th>CAS No</th><th>Conc.</th><th>Hazardous</th></tr></thead><tbody><tr><td>Peptide Trifluoroacetate Salt</td><td></td><td>>99.9%</td><td>No</td></tr><tr><td>Water</td><td>7732-18-5</td><td><0.1%</td><td>No</td></tr></tbody></table>	Ingredient	CAS No	Conc.	Hazardous	Peptide Trifluoroacetate Salt		>99.9%	No	Water	7732-18-5	<0.1%	No
Ingredient	CAS No	Conc.	Hazardous										
Peptide Trifluoroacetate Salt		>99.9%	No										
Water	7732-18-5	<0.1%	No										
3. Physical and Chemical Properties	Appearance: White solid. Odor: No information found. Solubility: Complete (100%) Specific Gravity: No information found. pH: 7.0 % Volatiles by volume @ 21C (70F): ca. 97 Boiling Point: No information found. Melting Point: No information found. Vapor Density (Air=1): Not applicable. Vapor Pressure (mm Hg): Not applicable. Evaporation Rate (BuAc=1): No information found.												
4. Fire Fighting Measures	Fire: Not considered to be a fire hazard. Explosion: Not considered to be an explosion hazard. Fire Extinguishing Media: Use any means suitable for extinguishing surrounding fire. Special Information: In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full face piece operated in the pressure demand or other positive pressure mode.												
5. Hazard Identification	Caution: The chemical, physical and toxicological properties of this product have not been thoroughly investigated. Exercise due care. Potential Health Effects Inhalation: May be harmful if inhaled. Material may be irritating to mucous membranes and upper respiratory tract. Ingestion: May be harmful if swallowed. Skin Contact: Causes irritation to skin. Eye Contact: Causes irritation to eye. Chronic Exposure: No information found. Aggravation of Pre-existing Conditions: No information found. Toxicology Not available.												
6. First Aid Measures	Inhalation: Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention. Ingestion: If swallowed, wash out mouth with water provided person is conscious. Get medical attention. Skin Contact: Immediately flush skin with plenty of soap and water. Should irritation occur, contact a physician. Eye Contact: Immediately flush eyes with plenty of water for at least 15 minutes, lifting lower and upper eyelids occasionally. Get medical attention immediately.												
7. Accidental Release	Spill or release: wear lab coat, chemical resistant gloves and safety glasses. Wipe up spill with a suitable absorbant and dispose of properly. Wash down the spill site.												

Measures	Waste disposal method: Dispose of in accordance with all federal, state and local regulations.
8. Handling and Storage	Handling: This material is believed to be non-hazardous. Avoid inhalation, contact with eyes, skin and clothing. Avoid prolonged or repeated exposure. May cause allergic reaction in sensitized individuals. Protective equipment: Good laboratory practices should always be used. Wear suitable protective clothing, chemical resistant gloves and lab safety glasses. Storage: Keep in a tightly closed container. Protect against physical damage.
9. Stability and Reactivity	Stability: Stable under ordinary conditions of use and storage. Hazardous Decomposition Products: Nature of decomposition products not known. Hazardous Polymerization: Will not occur. Incompatibilities: Strong acids and strong oxidizers. Conditions to Avoid: Heat, moist, incompatibles.
10. Special Precautions	This compound is sold only for research use by personnel familiar with the toxicology of organic chemicals and who are well trained in good laboratory habits, such as avoiding spills, keeping hands clean at all times and not rubbing eyes with hands while working in the laboratory. This compound is sold only in milligram quantities for use in diluted solutions in biological research. No other use is intended, and any other use may involve substantial hazards. The above information is believed to be correct but does not purport to be inclusive and shall be used only as a guide for experienced personnel. Abbiotec, LLC shall not be held liable for any damage resulting from the handling of or from contact with the above product. The burden of safe use of this material rests entirely with the user.
